ALPHABETICAL MIRACLES OF THE HOLY QURAN

I was pursuing my higher studies in Chennai New College during the year 1969-73. At that time in the masjid of New college Campus, I came across a Tamil translation of the Holy Quran(one volume) which was brought out by the publishers Baquai Sons-1961 edition, I found some important information about the uniqueness in the usage of (Arabic) alphabets in the Holy Quran, in that book, hence I bought a copy of it.

I understood as per the details given there are some discrepancies regarding total numbers of letters in the Holy Quran.

Moreover in Quran the readers tend to consider a single verse as two verses in some places and vice versa. Owing to this there arise differences in the total number of verses as mentioned below.

According to Ayesha (Rali) 6666
According to People of sham 6250
According to people of kufa 6236
Ibn Masood (Rali) 6218
According to People of Basra 6216
According to People of Iraq 6214
According to People of Makkah 6214

In spite of such differences, difference of opinion never occurs in number of verses, chapterisations, and words or alphabets. Hence there is no inclusion or exclusion of any words, verses and chapters in Quran.

The universal Federation of Muslim in Mecca, and the department of research and preservation of authentic scientific proofs, brings out a magazine called Al-Eunisi. In the magazine, Professor Nakkar of King Fahad university briefs that Arabians Learnt, about the technique of manufacturing of paper from the Chinese, at the time of Kalifah Uthman’s(Rali) rule. Kaliph uthman(ra) called all the learned scribes,(writers) who lived when the prophet lived and wrote, the revelation of the Quran, time to time when it was descended on Him. Uthman (Ra) gave them the responsibility to prepare seven copies from the manuscript of Holy Quran which was compiled by the guidance of prophet (SAW). There are atleast three copies, still highly guarded in the museums of Tashkent, Istanbul and Cairo.

Now millions of Quran are read in Arabic and fondled in the hands of Muslims in the world. If you compare the present Arabic version of the Holy Quran, with the three Qurans preserved (Kept) in
the museums, not even a single letter is changed and to-day it is almost 1450 years have passed and the originality is not at all disturbed. Is it not a greatest miracle?

We muslims believe in Bible, Tohra and Psalms of David, and its original true revelations. But the present versions are not in the Language in which it was revealed. (Arabic or Hebrew) Hence Professor Nahar points out that Holy Quran is the most authentic, and divine Book, sent down by the Almighty to the mankind.

The Quran printed and published in this world to-day contains (are marked) with 6236 verses only. For this dedicated endeavor of mine, the verses are numbered according to this present day Quran.

In this world no other Book has been researched to such an extent (to the amount) the Holy Quran have been researched. Quran’s letters and all symbols are counted and accounted very accurately and this stands as a proof (for the researches it has undergone)

As more research was done from the very beginning nobody can include or exclude any words, symbols or not even a single dots, in the Holy Quran (anywhere and anytime) More over in almost all the time Quran has been protected to an extent that nobody can interpolate it.

The historical news that Hazrath Ibnu Masood (Rali) have counted the Holy Quran’s Letters and Verses, single handed stunned me. From the day I read about that, I myself decided to count the Quran’s Letters.

“And this Quran is not such as could ever be produced by other than Allah”. 10:37

وَمَا كَانَ هذَا الْقُرآنَ أن يُقُرَّرَ مِنْ دُونِ اللَّهِ وَلَكُنْ تَصْدِيقُ الْذَّٰلِكَ بَيْنَ يَدَيْهِ وَتَفْصِيلُ الْكِتَابِ لَا رَيْبُ فِيهِ مِنْ رَبِّ الْأُمَ民ِ

This elegant word of the Almighty enthused me to count the letters of this divine book the Holy Quran. But it was just a dream from 1970 to 1990.

Holy Quran is a miraculous divine scripture without any contradiction.

“Do they not then consider the Quran carefully? Had it been from other than Allah, they would surely have found there in many contradictions”. 4:82

أَفَلا َٝزَذَثهشَُُٗ اىْقُشْآَُ َٗىَْ٘ مَبَُ ٍِِْ عِْْذِ غَْٞشِ اللَّهِ

All the praises and thanks be to Allah who has sent down to His slave {Muhammed SAW} the Book [The Quran] and has not placed there in any crookedness.

Allah has sent down the best statement a Book [this Quran] its parts resembling each other in goodness and truth off repeated. The skins of those who fear Lord shiver from it [when they recite it or hear it]. Then their skin and their heart soften to the remembrance of Allah. That is the guidance of Allah. He guides there with whomever Allah sends astray, for him there is no guide. 39:23
An Arabic Quran, without any crookedness [there in] in order that they may avoid all evil which Allah has ordered them to avoid. 39:28

Falsehood cannot come to it from before it or behind it [it is] sent down by All wise, worthy of all praises [Allah , if] 41:42

If anybody approaches this religious scripture [Holy Quran] with pure intention of learning it, sincerely and meaningfully, he can understand the height of its excellence.

The Holy Quran speaks about all the worldly subjects as it speaks about spiritualism. The way it speaks about the philosophy of life is [remarkable]

From the very beginning of mankind many holy scriptures were sent down to the people of this world who were spread on this earth for their livelihood. These were divine messages of truth preached at various stages of time, and period, by many prophets sent by the Almighty God, to guide them to lead a virtual life. The holy prophet (saw) has mentioned that the Almighty have sent down nearly 1,25000 prophets to this world to lead the people, from the beginning of this world.

The final prophet Muhammed (SAW) the messages he delivered (the Holy Quran) is the final message to the mankind.

Quran is not a religious Book. It is the final testament and a divine Book of guidance sent down for the mankind to lead a better life. The Almighty Allah Himself says “But it is nothing else than reminder to all the ALamin [mankind, jinn’s and all that exists] 68:52

And we have indeed made the Quran very easy to understand and remember; then is there anyone who will receive advice? 54:22

The almighty states that he has sent down his advice in a very easy Language and very particularly he states that he sent it down in Arabic Language.

Hence the Arabic Language must have an extraordinary style of narration eloquence and grammer. A very simple Language even a common man can understand.
How a Language would have born?

In the beginning the men would have wanted to communicate his thoughts and desires to others, and would have raised sounds for that. The words would have joined together to form sentences and a Language would have born. According to science there are genes embedded in the chromosome of all the living beings [man & animals] especially Folds of the lining membrane of the Larynx, with edges vibrating in the airstream produce the voice. A marvelous design of the Almighty. But lakhs of generation after generation the embedding genes pattern changed little by little and the Almighty blessed the human beings with the ability to speak and deprived the ability of speech in animals.

Holy Quran reveals like this;

And among this signs in the creation the heavens and the earth and the difference of your Languages and Colors. Verily in that are indeed signs for men of sound knowledge. 30:22

He created man.

He taught him eloquent speech. 55:3,4

Which is the oldest Language of the world? There are many differences of opinion about this but, the Holy Quran’s revelations makes us to come to a conclusion that Arabic may be the oldest Language of the world. The Holy Quran reveals “

The sounds must have gradually, developed into words [a process known as evolution]

So whoever wills let him pay attention to it. (it is) in records held (greatly) in honor (Al-Lauh, Al Mahfuz) (80:12,3)

Nay but they, the clear Ayat (i.e the description and the qualities of Prophet Muhammed (SAW) written like verses in the Torah and the Gospel) are preserved in the breast of those who have been given knowledge. 29:49

In a Book Well guarded [with Allah is in the heaven i.e Al-Laugh Al-Mahfouz. [56:78]

And if you [Arab pagans, Jews and Christians] are in doubt concerning that which we have sent down [ie the Quran] to our slave Muhammed [SAW] then produce a sura (chapter) of the like there of and call your witnesses [supporters and helpers] besides Allah if you are truthful.2:23
Or do they say “He (Muhammed [SAW] has forged it? Say “Bring them a sura [chapter] like unto it and call upon whomsoever you can, besides Allah if you are truthful. 10:38

أَمْ يَكُونُ افْتِرَأُوا فَأَلَوْا بِسَوْرَةٍ مِّثْلَهُ وَادْعُوا مِّنْ اسْتَطْعُمُّمِّنْ دُونِ اللَّهِ إِنْ كُنْتُمْ صَادِقِينَ

Or do they say “He [Prophet Muhammed SAW forged it (the Quran) say: Bring then ten forged surahs (chapters) like unto it and call whomsoever you can, other than Allah (to your help) if you speak the truth! “ 11:13

أَمْ يَكُونُ افْتِرَأُوا فَأَلَوْا بِسَوْرَةٍ مِّثْلَهُ مُّقْتَرَبَاتٍ وَادْعُوا مِّنْ اسْتَطْعُمُّمِّنْ دُونِ اللَّهِ إِنْ كُنْتُمْ صَادِقِينَ

Say: If the mankind and the jinn’s were together to produce the like of this Quran, they could not produce the like thereof even if they helped one –another.17:88

فَلَنِّ لَنِّ اجْتَمَعَ الْإِنسَ وَالْجِنُّ عَلَى أَنْ يَأْتُوا بِمَثْلِ هَذِهِ الْفُرْقَانِ لَا يَأْتُوا بِمَثْلِهِ وَلَوْ كَانَ بِغْيِبٍ فَظَهَرَ أَفَلا َٝزَذَ ثُهَشُُُٗ اىْقُشْآَُ َٗىَْ٘ مَبَُ ٍِِْ عِْْذِ غَْٞشِ اللَّهِ ىََ٘جَذُٗا فِِٞٔ اخْزِلافبً مَثِٞشاً

Do they not then consider the Quran carefully? Had it been from other than Allah, they would surely have found there in much contradictions. 4:82

أَفَلا َٝزَذَ تِبْنِيُونَ الْفُرْقَانِ وَلَوْ كَانَ مِنْ عِدَّ غِيْرِ اللَّهِ لَوَجَدُوا فِيهِ اخْتِلَافًا كَثِيرًا

The Quran is protected in the sanctum sanctorum of the Almighty, so Arabic Language can be taken as the oldest of all the Languages. Such a great and eloquent Language is Arabic, and as the Holy Quran is revealed in Arabic, I felt it will give us an honor, if I also counted the Arabic Alphabets Letters of Holy Quran. So I started counting in the year 1990 with great devotion.

I wanted to know if anybody has already counted the Letters, Letter by Letter, and if, I wanted the details.

So I started searching for information from Arabic colleges in Tamil Nadu. I even sent registered Letters dated 19.4.77, to many of the institutions. But all my efforts ended in vain; because they did not have complete details regarding this.

Man doubts even most authentic matters. So they may doubt whether Quran is God’s word. But the copy of the Quran, in our hands to-day, is compared with the Quran sent down to the illiterate final Prophet Muhammed (SAW), before 1450 years, for its compatibility, we will dumbstruck.(will be surprised and lost for words) because not even a single word is changed. A miracle,

Prophet Muhammed (SAW) was illiterate, Holy Quran itself declares like this,
Say [ O Muhammed] “ O mankind! Verily, I am sent to you all as the messenger of Allah- to whom belongs the dominions of the heavens and the earth. La ilaha illa Huwa( none has the right to be worshipped but He) It is He who gives life and causes death. So believe in Allah and this messenger [Muhammed], the Prophet who can neither read nor write[ie Muhammed (SAW) who believes in Allah and his words, and follow him so that you may be guided. 7:158

Neither did you ( Muhammed SAW) read any book before it[this Quran] nor did you write any book[whatsoever] with your right hand. In that case in deed the followers of false hood might have doubted. 29:48

In this developed world, with the advanced technology Quran can be recorded in many instruments, can be protected in achieves, but all these are easily destroyable Man may try to extinguish it. But the complete Quran has been by hearted word by word by LakhS of pious people, and remains in their heart. More than that the Almighty Allah Himself protecting it. No other book in this world has this great honor because, majority of the great literatures and treasures of knowledge, meant for mankind,, from the origin of this world, have perished, and the perishing also continues. The reason is the Almighty has not sweared to preserve all these, except the Holy Quran. The Almighty has taken the responsibility to protect it.

Excellent libraries were burnt down by the ruthless war mongers. Earthquakes, Sunamis have destroyed thousands of high quality literatures and books. Political envy has extinguished important historical dossiers and records. Notable important books are missing because of no re editions and negligence of government organization, to protect it,. But the Holy Quran is the exceptional, preserved, till date the very same eloquent Arabic Language, from the time it was revealed to the present day.

Hence I am not adding any greatness to it by counting and accounting the Letters of the Holy Quran, or I will not be acclaimed for it, but this type of deep study and attempt to read deeply about the each Letters (alphabets) would not have been tried on any other book. In this computer age it is not a great task.

In 1990’s I did not have complete knowledge about the computer and I started counting without the aid of the computer. Here I am presenting before you, the counted data’s of the Letters, which was accomplished by me in eight Long years.

The fundamental data are approximately in 5000 pages. Now it’s for you to view.

I wanted my work [the counted batch of data] to be(check) scrutinized by an Islamic Scholar. So I approached Moulavi Mohammed Rabeek[imdadi] of Coimbatore, and requested. Moulana
Mohammed Rabeek was very enthusiastic and he counted once again and he completed it in three years. (the rechecking)

We selected, the (Arabic) Quran Published by John Literary, Haji Muhammed Charitable Trust of Chennai.

That Quran [manuscript and meaning] was published in 1989 at Chennai.

The complete counting work have already absolved 8 Long years, and once again for one year I scrutinized, my work by comparing with the results of Moulana Mohamed Rabeek, Sir that only you are watching in the screen now.

The information you are watching are information in detail regarding the Letters of Holy Quran. (6236x29x6)

I was very happy, and felt I have accomplished my ambitious project with the mercy of Almighty Allah.(or) (my ambitious project successfully, with the unbendable mercy of Almighty Allah). But I had a deep instinct in me, that the Almighty has not only guided me to simply count the letters, but has bestowed and persuaded me to collect more detailed information from the Holy Quran regarding the usage of Letters and the structures of Alphabets.

As the information technology is in an advanced stage and in this computer era, I wanted to go through the computer to gather more information.

6236x36 data were fed(entered) into the the computer, gradually with great care, and it took nearly two years I, swear on Almighty, at that time I did not realize that I am putting my first step for a great encounter ahead. But, I used to pray every day before starting this work after returning from my office. The prayer was taught by my Almighty in his Holy Book, “My Lord increase me in knowledge 20:114

اَلْلَّهُ اٍلْحَقَّ وَلَا تُعْجِبَنَّ بِالْقُوْرَانِ مِنْ قَبْلِ أَنْ يَنْفَضِي إِلَٰٓذِيَّةً وَقَلْبٍ رَبّيَّ زَنَدُي ِّلْهَا

Almighty Says,

And with truth we have sent it down (ie the Quran) and with truth it has descended. And we have sent you (O Muhammed SAW) as nothing but a bearer of glad tidings and a warner of Hellfire. (17:105)

وَبِالْحَقِّ أَنْزَلْنَاهُ وَبِالْحَقِّ نُزِّلَ وَمَا أَرْسَلْنَا إِلَّا مُبَيِّنًا وَذِي دِينٍ

I recorded the divine letters which could not have been by any human being, in the computer with shivering fear of Allah the Almighty.

In the stored 2 million data’s, some data were kept as Basic data’s. I joined with my friend Mr. Abu Bakkar Siddiq he who is well read, and discussed days together to select some words, sentences,
compiled eloquently, and to study it more deeply, we planned, and particularly for that we programmed in the computer.

At that time we did not have the keyboard of Arabic Letters. Hence we marked each English alphabet for each Arabic Letter and programmed it. Whenever we searched for the information we followed the same technique. But it was very tough job and consumed a lot of time.

Now you are watching that astonishing facts which are composed very neatly by the computer and it unfolds, many unknown informations you can see it.

Thousands of amazing information’s connected with Holy Quranic verses. The computer has searched oddly 1000 crores times to collect this information.

Please kindly think it over. If a man searches for time 1000 crores of searches, How many years he would have taken?

If he searches for 12 hours in a day. 12x24x3600 = ?

He would had oddly collected this much information.

If we think about the miraculous fastness of computers, and that too how it has helped to research the Holy Quran, our tongue and heart glorifies the Almighty spontaneously, for the wisdom he has blessed the people who have invented it.

My humble but very confident opinion is that no other Book in this world has such vast informations connected with letters of its own Language.

At the same time there is no other Book’s letters in this world, would have been researched as the Holy Qurans Letters, its symbols were researched, counted and accounted.

Being studied very deeply, Letters, words, sentences, and all the symbols are counted very accurately from the very beginning[1450 years before] anybody at any time cannot add or delete any Letter, word sentence or symbol in the Holy Quran. It is very impossible to make even a slight change in it because it is protected in such a way. The authentic details cannot be given by anybody as nobody knows where it is. Moreover my humble work in this computer world(era) is try to get more information from the Holy Quran sent down by the omniscient Almighty Allah.

Allah says,

Do they not then think deeply in the Quran, or are their hearts Locked up(from understanding it)?

47:24

أَفَلا َٝزَذَثهشَُُٗ اىْقُشْآَُ أًَْ عَيَٚ قُيُ٘ةٍ أَقْفَبىَُٖب

I stand nowhere to research the Holy Quran, the divine words of Almighty, but this is just an encounter to collect more information (about Allahs word) from the Holy Quran.
Part II

(In English) A E I O U these five letters in English are called as vowels. A word or sentence cannot be formed in English, without using any one or more letters from this five alphabets the vowels. I do not think there are vowels in Arabic Language, Like English.

Similarly there may be some words or sentences, with very less letters(alphabets) 6 to 7 in the Holy Quran, and that may be the master or keyword of the Holy Quran ultimately this is an inner instinct of mine, and I want to state very humbly, that I don’t have that much wisdom to interpret the God send Book.

If we can find a word [a key or master word] in the divine words of God the Holy Quran I felt that will give the Divine Book of the God, a special status of excellence which no ther Books have acualaimed in this world, and hence, started searching that word, and tried my best for seven years. It is a Long way.

Whenever, I was aheading in my encounter of searching, I used to think about, the sayings of close associates of Prophet Muhammed (SAW), who were the eyewitnesses of the miraculous happenings in Prophets (SAW) mission, and particularly at the time of Prophet receiving the ‘Wahee’ the divine texts from the Almighty God. Whenever the Almighty’s divine revelation descended upon Prophet it will be like an unbearable weight is put on Him and sometimes the force of the weight will be increasing to an unbearable state. Suppose [at that time] if He was riding on the camel, the camel will kneel down and sit and for some other reason if it could not sit down, it will stand very upright that one will conclude that its feet will be broken.[as to say it legs are broken] It was winter season, yet the prophet was drenched with sweating. His face used to turn red; this may be due to the excess of blood flow to his head. Once one of His close aide was bold enough to question the Prophet(SAW) directly about how he felt at the time of receiving the Almighty’s divine text(verses). The answer is very interesting. The messanger of God replied that sometimes bells rang in his ears, and it was very Loud and Painful, that he felt his life has come to an end. Simultaneously he will hear voices and that will go deeply in to his heart, and registered. When this ordeal came to an end, the message will come out spontaneously as it was by-hearted and he will tell this to the followers of Him.

The pain was so severe that, I felt as my life has come to an end “The saying of our great Prophet Muhammed (SAW), is considered as most important and whenever I think about this, I used to tremble with fear of Almighty God. This experience are meant for the Prophets of God only. An ordinary man cannot realize this fete and even the highly qualified Medical professionals. Hence all this aspects, which cannot be explained, proves the power of revelation of Al-mighty Allah.

My relentless dedicated search, with great inspiration gave fruit Finally I found that Letters, words, sentences “Alhamdullah” All praises to the Al-mighty Allah.
The methods I used for this great encounter were given to me by the creator of this world and everything the Omnipotent omniscient Almighty Allah. It is not an exaggeration. I swear it because the facts, and information I got from the thorough search stunned me.

Now you can also see one by one.

The excellence of Holy Quran is its eloquent and beautiful narration. The style is neither prose nor poetry. It is in between these two, but splendid style and excellent narration.

If any other verses (Arabic) were mixed and written with verses of Holy Quran and given to a person with very least knowledge of Arabic Language, to study, he will very easily differentiate, the Quranic verses. This I know very well. It is very remarkable.

There are oddly 76,000 words in the Holy Quran and there is no insulting or abusing words. You can’t find any grammatical or spelling errors and compiled with outstanding style. The Almighty Himself, have taken the responsibility of protecting it.

Verily we. It is we who have sent down the Dhikr[i.e the Quran] and surely we will guard it[from corruption] 15:9

إِنَّا نُحْنَ نُؤْلِكَ الْذُّکَرَ وَإِنَّا لَحَافِظُونَ

In the Holy Quran one can find the philosophies of life, historical references, religious values, with an epic style no fiction and imagination. Hence Holy Quran has been judged as the best and incomparable literature in the world.

The WORD, I have found out after, corers of searches, is formed with 6 Letters (alphabets). There is not even a single verse in the Holy Quran, formed without using a or more Letters from this word’s 6 Letters.

The Almighty have mentioned about the soul (Nafs) in many verses, in the Holy Quran, but when speaks about philosophies Holy Quran (Almighty) very particularly swears on the soul. All the readers should deeply think about this.

Holy Quran’s philosophies are based on three fundamental categories. [dimensions] we can say it has three dimensions.

1. Basic duties.
2. Basic rights and
3. Basic implements.

All the happenings in the life of mankind are formed, keeping any one of these three categories as its prime concept. But for all this, the very fundamental aspect is purification of soul. Hence, the messages the Almighty’s continuous saying by swearing on the soul makes us to ponder. [think]

Almighty Allah says.

“And by Nafs[Adam or a person or a soul etc] and Him who perfected him in Proportion.
Then He showed him what is wrong for him and what is right for him.

Indeed he succeeds who purifies his own self [ie obeys and performs all that Allah has ordered and following the true faith of Islamic monotheism and by doing righteous good deeds]

And Indeed he fail who corrupts his own self.. 91:7,8,9,10

In another verses Allah says.

“We will show them our signs in the universe and in their own selves until it becomes manifest to them that this [the Quran] is the truth. Is not sufficient is regard to your Lord that He is a witness over all things?

The Holy Quran has a concept. Gods main aim is to drive man to worship and follow only one God [Him] and on that base to make him victorious in this life and next life. Hence the Almighty commands to purify his soul and guides him in the right path.

The manifests of the Almighty are deep inside the soul of man and as well as it appears outwardly also.

The truth of Almighty Allah has penetrated very deeply in a man’s heart and soul.

Which can be compared with the eloquence of Quran.

To any of you that chooses to go forward[by working righteous deeds] or to remain behind[by commiting sins]

Every person is a pledge for what he has earned. 74:37,38

The Holy Quran is not an antiquated literature; it is a divine Book of wisdom. It has got mesmerizing power you can feel that, whenever you read or recite it.

The western, scholars, have the opinion, after deep research, that there is no literature in Arabic language, which can be compared with the eloquence of Holy Quran.

Alimighty Allah never burdens any soul, than its strength to bear it. It is rewarded for the good it has done and it is punished severely for the bad deed it has done.

“Allah burdern not a person beyond his scope He gets reward for that (good) which he has earned and he is punished for that (evil) which he has earned. “Our Lord punish us not if we forget or fall in to error. Our Lord! Lay not on in a burden Like that which you did not Lay on those before in (Jews and Christians).Our Lord! Put not us a burden greater than we have strength to bear. Pardon us...
grant us forgiveness. Have mercy on us. You are our Maula(Patron) supporter and protector) and give us victory over the disbelieving people. 2:286

لا َّكَفُّتُ اللهُ نَفْسًا إلَّا وَسَنُعِهَا لِذَا ما كَسِبَتْ وَعَلَيْهَا ما كَسِبَتْ رَبَّنَازِدَّهَا إِن نَسي أَوْ أُحْطَهَا رَبَّنَا وَلَا تَحْمَل

 عليّنا إِبْرَأ ّا حَمْلةَ عَلَى الَّذِينَ مِنْ قِبْلَاتُ رَبَّنَا وَلَا تَحْمَلْنَا ما لا طَفْقَةَ لَهُ وَاغْفِرْ لَنَا وَارْحَمْنَا أَنْتَ مُوَلَّاٰنا فَقِصْرُ النَا عَلَى

What a beautiful narration of the Almighty About the

In my effort to find that word. I had a premonition and so I concentrated on the words and verses, which speaks about the soul, and finally I found out that 6 lettered word.

In the Holy Quran, the 6236 verses are coming in the following pattern.

2 Letters present (lettered) verses

3 letters present (lettered) verses

4 Letters present (lettered) verses

5 letters present (lettered) verses

6 Letters present (lettered) verses

All the 29 Letters (alphabets) present verses.

But, there is not even a single verse in the entire Quran, formed without one or more Letters present, from this 6 lettered word, and when I came across this findings after my relentless search, I was astonished. Al-hamduillah, All praises for Allah.

I have come to a conclusion, that I have found that special, particular word, the word for which I relentlessly searched for years together. But I have not stopped my search. There may be some other 6 lettered words [with great importance]. My dedicated search is continuing.

That word can be judged as Al-Qurans Master Key Word. Is it not?

Let us raise our hands and worship the Almighty.
Part III

Now I am taking all of you to an important part.

Great writer, and Historian, said that, there is no other Book in the world, like an authenticated, uncorrupted pure manuscript, Like the Holy Quran. Thousands of accolades by great scholars, and genius people can be mentioned here. But, the unique character, I am going to point here about the Quran, is not deserved and will not be deserved by any other Book in this world.

We have already seen that, with the least 29 alphabets, of Arabic Language, beautiful verses are formed in the Holy Quran with mere 2 alphabets, (and the same time) with all the 29 alphabets and at same time with mere 2, alphabets also eloquent verses are formed.

Now many good books, of this world are seen, read and researched by genius and well read scholars. but I don’t think in all that books, there is verses, formed only with two to five , alphabets. This unique character the Holy Quran only possesses.

We have already read (seen) about the verses of Holy Quran which are repeated again and again.

Now we are seeing the 266 verses, in which the alphabets which are used to form some other verses are used.[that is same alphabets but different verses].

I don’t think this phenomenon is present in any other books of any other Language.

This significant verses are present in the Holy Quran itself and that’s the excellence of the Holy Quran.

Next, my search is about the following subject.

There are many verses in the Holy Quran, which are formed with the remaining alphabets which are not used in each verses of the Holy Quran.

Huruful Muqattats – with the remaining alphabets.

Huruful Muqattats and some other verses- formed with remaining alphabets.

Only verses which are formed, with the remaining alphabets.

If we try this in some other literature or books of different Language, the verses coming out of that, will not contain the contents of that particular books basic subject or it will not be connected with concept or fundamental theme of the book, which was written to convey or reveal a particular ideology or message. This is my humble opinion, because the Almighty says,

“Say : if the mankind and the Jinns were together to produce the like of this Quran, they could not produce the like there of, even if they helped one another.17:88

قُوْيَئِِْ اجْزَََعَذْ الإِّظُ َٗاىْجُِِّ عَيَٚ أَُْ َٝؤْرُ٘ا
ثَِِثْوِ َٕزَا اىْقُشْآُِ لا َٝؤْرَُُ٘ ثَِِثْئِِ َٗىَْ٘ مَبَُ ثَعْضٌُُْٖ ىِجَعْطٍ ظَِٖٞشاً

Almighty Allah says in another verse,
“Say (O Muhammed(SAW)) “ It has been revealed to me that a group [from three to ten in number] of Jinns listened[ to this Quran]. They said verily we heard wonderful recited [this Quran] 72:1

قُوْ أُحَِٜ إِىَٜه أَّهُٔ اعْزَََعَ َّفَشٌ ٍِِْ اىْجِِِّ فَقَبىُ٘ا إِّهب عََِعَْْب قُشْآّبً عَجَجبً

There is no doubt, that Quran was composed very beautifully by the Almighty God.

Mankind cannot produce not even a single verse like, this that one of the very eloquent verses of Holy Quran. It is a challenge by the Almighty God. Now I am going to give you some information about the outstanding order of the Holy Quran.

Let’s see:

The 6236 verses is counted by the people of Kufa, kept as a mark and serial numbers are given.

The quranic verses are given line by line.

The different alphabets present in each verse as well as the number of times it is present in that are given , and with that information;

1. Part no
2. Chapter No
3. Sections No
4. Verses No
5. Total Alphabets
6. Total Alphabets in each verse
7. Verses repeated, again and again, and the particular verses meaning
8. Verses with the remaining [alphabets not used in other verse] and the meaning of that verses.

There are millions of information’s in this.

The Huruful Muqattatats , [ nobody knows the meaning of this except the Almighty God and His Prophet] domination can be found in many verses of the Holy Quran . we don’t have that much wisdom, to know about the (secret) hidden meaning of that.

The Almighty Omnicient God, the creator only has the knowledge about that.

If we (research) study deeply the Holy Quranic verses separately, by alphabetic order, we can come across magnificent complication of words, in forming each verse.

The eloquent and excellent narration, with the beautiful command of Language is very obvious in the Holy Quran. There are books, in which historical facts of Prophet’s life and his mission is recorded. His sayings and the speeches delivered to his very close disciples and the people who followed him , also recorded in that. The books are called Hadees and considered to be most
authentic, like Holy Quran. The great difference between the two Books is very conspicuous. [The rich Language, eloquence and beauty] and this difference was well known to the close followers of the Prophet (SAW) and the people of Mecca and Medhina, who lived before 1450 years.

Two different types of narrations one divine and eloquent, the other simple and very usual, no man can, mastermind and handle, neither for one time nor throughout his life time like this Holy Quran was revealed by the Almighty God not by the last Prophet Muhammed (SAW). The above mentioned fact is an absolute proof for this.

Finally I conclude, this dedicated work of mine by remembering a beautiful verse from Holy Quran. Before that I want to tell you all with profound humbleness that this great search of mine has not come to an end, because this is the beginning.

Al-hamdu-lilla !

Almighty Allah assures in this beautiful verse, that we will be blessed abundantly if we listen to the recitation of Holy Quran with deep silence and devotion.

Imagine just for listening His message, Allah the Almighty guarantees, such a great reward, so if we;

Recite the Holy Quran daily
Read it with understanding
Feel its purity and divinity
Live as it teaches
Search in it for its miracles and Spread its divine message to the mankind
Will not He the Almighty the most merciful shower with abundance of Love and mercy
Come; let us start to-day itself.

Alif –lam-Ra (these letters are one of the miracles of the Quran and none but Allah (Alone) knows their meanings.(this is) a book, the verses where of are perfected[in every sphere of knowledge etc.] and then explained in detail from one (Allah), who is All-wise and Well acquainted with all things.”(Al Quran 11:1)

Throughout the History, many historical researchers proved that The Holy Quran had come from Allah, All-wise and All-knowing and it is the most accurate and the most glorious Holy Book

“Falsehood cannot come to it from before it or behind it(it is) sent down by the All-wise, worthy of all praise(Allah)”(Al-Quran 41:42)

I was stunned and astonished to see the outcome of my research. As a result my belief is strengthened in my heart. Allah mentioned each verse in His Holy Book as ‘Aayath’ meaning symbols and identity.

The holy Quran handles this word to mention the testimonies and proofs of Allah that could be seen in the sky, in the earth. In all the worldly creations and the man’s internal structure.

“We will show them our signs in the universe and in their own selves until it becomes manifest to them that this (the Quran) is the truth. Is it not sufficient in regard to your Lord that he is a witness over all things?”(41:53)

سنَّبِرْهُم آيَاتٍ ٍا فِي ٍالْأَفَاقِ وَفِي أَنفُسِهِمْ حَتَّى يَبْتَغُونَ لَهُمْ أَنَّهُ الْحَقُّ أَوَلَمْ لَهُ أَيْدٍِ فِي كُلِّ شَيْءٍ أَوْلَمْ يَكُفُّ بِرَبِّكَ أَنْهُ ٍاَيْدٍِ

All these things bear a testimony to Allah’s omnipotence and omniscience He is the only God to be worshipped. His power and command, rule over the universe and the great truth final Judgment Day will be sure to come.

The Quran uses this word to mention the miracles against nature performed by the Prophets and Messengers as per the request of the disbelievers.
The verses in the Quranic chapters are also mentioned by this word. I can understand one thing from this naming. They are not only the instruments to explain an idea. They themselves are the best proofs. They explain Allah’s fine wisdom.

They enlighten the omnipotence of Allah in operating not only this vast universe but also the minutest atomic particles

I very humbly say that with the guidance of Allah the Almighty I have succeeded to prove us that Allah’s Hikmath shines with a rare splendor and beauty in every verse of His Holy Book.

Whoever he may be and however he is an expert, we cannot argue that for the above said research, his book will be the most relevant. The phrase the most knowledgeable is only relevant to Allah.

‘It was the word of Allah that became the uppermost and Allah is All-mighty, All-wise’ (Al-Quran 9:40)

وكلمة الله هي العلامة والله عزيز حكيم

I want to tell you that I have presented here is nothing but a drop in a ocean, because the outcome of my research with the guidance of the All knower, the mighty Lord is very vast. It may need thousands of pages to present before you. The rare word which I have found, I have not disclosed, here, the reason is, I very humbly feel that it will be very appropriate, if I present it in the conference, hence I have planned to bring out my vast research and its findings in a Electronic mode.
